Harrison County Parks Special Event Guidelines and Application

What is a special event:

Any organized public or private event that requires use of park areas and or facilities beyond the normal operating procedures of Harrison County Parks department.

Why is a Special Event Permit needed:

Parks are held in the public trust. It is important that park sites be used properly and are available to the public at all times in acceptable condition.

When is a Special Events Permit required?

- The site requested has not been designated as a normal site for large group gatherings
- Admission is controlled either by donations, entry fees or tickets
- Anything is sold
- Tents, canopies or stages are brought in
- The event is advertised as a public event
- The event is organized by a caterer
- Special vehicle access is requested
- Additional electricity, restroom, or garbage facilities are required

Normal costs for park facilities:

If your event will require use of one or more shelter houses, you must reserve and pay for these facilities. Contact the Park Office for assistance. You may request a waiver of fees by the Park Board.

What park regulations and event guidelines should we be aware of?

- Alcohol is not permitted in county parks
- Sound from music or public address systems must be limited to the area reserved for the event
- Food concessions must display an approved Health Department certificate on site
- Public liability insurance for bodily injury or property damage in the sum of \$1 million dollars naming Harrison County Park as an additional insured must be provided. A copy of the certificate must be included with the application.
- Vehicle access to grass areas may be granted but must be limited as much as possible.
- Security and traffic control during the event are the responsibility of the permittee.

How do I schedule a special event?

Your application will be reviewed by the park staff and may require a review of the Harrison County Park Board if it is of a large scale.

If your Special Event Permit application is approved, you may be required to meet with the park staff to review special needs.
